

Betadine Spray

Drug Facts

Active ingredient Purpose

Povidone-iodine, 5% (0.5% available iodine) Antiseptic

Uses

Patient pre-operative skin preparation

- for preparation of the skin prior to surgery
- helps reduce bacteria that potentially can cause skin irritation

Warnings

For external use only

Do not use ■ in the eyes ■ If you are allergic to povidoneiodine or any other ingredients in this preparation

When using this product

- prolonged exposure to wet solution may cause irritation or, rarely, severe skin reactions
- in pre-operative prepping, avoid "pooling" beneath the patient

Stop use and ask a doctor if

- irritation, sensitization, or allergic reaction occurs and lasts for 72 hours. These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- hold container about 4-6 inches from skin
- spray desired area
- allow to dry
- may be bandaged
- replace cap after use

Other information

- store at 25°C (77°F); excursions permitted between 15°–30°C (59°–86°F). Do not freeze.

Inactive ingredients citric acid, dibasic sodium phosphate, glycerin, nonoxynol-9, purified water
